

U-Shower

Key Features

- Multiple shower heads for easy reach of the entire body
- Independent on/off for each water source
- Sturdy waterproof seat
- Wall-mounted design easily folds out of the way

Orange Team: 2.009-orange@mit.edu

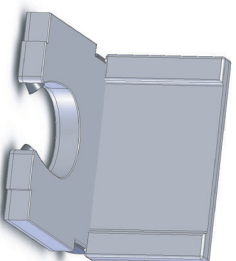

The U-Shower takes seated showers to a new level of ease and safety. The wall-mounted design makes it sturdy and safe, and the three water sources—a height adjustable overhead shower, a mobile handset and two nozzles embedded in the seat—bring water to hard-to-reach places.
