

# CODE OF ETHICS - GREEN TEAM

28. October 2009

Green Team members shall adhere to the following four core values:

## **I. Integrity**

- We shall be open and honest, to other team members, our customer, and the 2.009 staff, in representing values measured or observed.
- We shall be honest in all financial matters.
- We shall represent honestly all progress, as well as all problems encountered.
- Each team member shall individually act in a way that improves the team's reputable standing.

## **II. Responsibility**

- We shall work to create products for bettering the quality of life for the users and all those affected.
- We shall expend the minimal required energy consumption to meet safety and technical needs.
- We shall ensure that all work is conducted safely and properly.
- Each team member shall come to lab punctually, prepared to offer studied input.
- Each team member shall take on a fair share of team tasks, while remaining mindful of other commitments and not taking on too many tasks to be handled.

## **III. Respect**

- We shall be respectful in all interactions with potential users and customers.
- We shall ensure that all team members have the opportunity to voice their opinions in meetings.
- Each team member shall take other members' opinions and thoughts seriously.
- Each team member shall respect team areas and use them appropriately.

## **IV. Communication**

- We shall take care to document building and testing processes.
- We shall not make decisions before every team member is informed of all critical issues.
- Each team member shall take time to read and consider team email messages, and respond appropriately.
- Each team member shall keep the rest of the team informed of individual or task force progress.
