## MIT Grounds

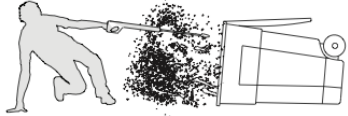

The problem erc solves

Cleaning trash bins  
voted worst job on  
campus...

Cleaning  
manually with a  
pressure washer  
creates  
backspray,  
leaving the user  
wet and smelly.

@#!\*%  

User walks away  
extremely  
annoyed and smelly.

# Design features

Safe and Simple User Interface

Telescoping Washer Arm

Modular Bin Attachment

- Safety First
- Faster (2 minutes vs. 10 minutes)
- Less water (8 gallons vs. 20 gallons)
- Keeps user clean and dry
