

# Customer Contract

Customer Need	Attributes	Spec
Fast harvesting rate	Harvesting rate	> 35 sqft/min
Rocky terrain compensation mechanisms	Blade height variance	< 1 in
Cutter bed-width clearance	Blade length	46"
Multi-density harvesting capability	Cut dense/sparse	Y / Y
High quality harvesting capability	Viable leaves	> 95%
Food-safe certification readiness	Food-safe lubrication	100%
Affordability	Unit cost/annual operating cost	< \$1000
Safety features	Safety stop function	Y
Ease-of-repair	Disassembly time	< 5 min
Low downtime	Frequency of repairs	< 2/mo
Shielded cutting mechanism	Debris buildup	< 1 kg/wk
Two-person operation	Handle-width	46"
Fit in bed of pickup truck	Frame dimensions	< 65" x 80"
